OUTSIDERS, IMPOSTERS AND ALIENS

Dominik Mersch Gallery

This show is curated by Bev Shroot and Louise Thoeming, winners of the Dominik Mersch Gallery Curator Award, an inaugural prize developed to support emerging curators. In bringing their winning concept to life, Shroot and Thoeming will be presenting *Outsiders, Imposters and Aliens*, which will explore the idea of 'otherness.' The exhibition features seven artists whose work examines marginalised individuals and groups living in the shadow of the mainstream. Each artist will explore a different facet of alienation and detachment, dwelling on the difficult-to-draw line between insider and outsider.
